Assessment Dists. or Gen. Tax Must Be Decided By City Aug. 14

Should Property Affected Pay More or Pay Equal?

Although Tuesday night's regular session of the City Council showed a full agenda of various items, seventy-five percent of the time was spent on Flood Control, costs, methods of payment and time limit for decisions and actions.

Property owners of the affected areas were present in force, protesting the formation of an Assessment District, asking that payment of the construction be made as a General Tax Levy of .20 per \$100 valuation and attempting to find out definite costs. As a whole, those present were definite in their desire to find out, if and when, anything was going to be done about the situation, and who was going to pay the costs.

It was the general attitude of the Council, and more specifically stated by Mayor Vannier that the Council did not have any Legal Obligation in the situation, and that their Moral Obligation was apparent by their study and work attributed to the problem. Further, it was his thinking, and the general opinion of the Councilmen present, that perhaps the property owners affected should make some kind of offer on their part, relative to paying a larger portion of the costs than those not affected.

As explained by Mayor Vannier, there are many ways around the problem, but time being of the essence, there seems to be only two plans open for consideration, in that the work can be started and completed before the fall rains bring forth the potentials of flood damage.

One proposition considered is a general tax levy against all property owners in the city of 20 cents per \$100 valuation. This, of course would only raise a revenue of approximately \$33,000, this is the limit that can be raised by this method. The balance of the money to be spent (between \$130,000 and \$177,000) would have to be pirated from other funds of the city such as gas tax fund, sales tax, motor vehicle fund, and

New Coin Laundry Now Open

Your laundry can now be washed and dried in 33 minutes. This is made possible at the new Wightman Self Service Laundry, now opening at 282 West Sierra Madre Blvd. Operators of the new automatic laundry are Ben and Lucille Wightman, husband and wife. The Sierra Madre laundry service is an expansion of the

Lee Shippey Writes On Trees

I am touched to see that Sierra Madre tree-lovers rallied to the defense of the tree in front of The News office. In fact, I take particular interest in that tree because—well, let me start at the beginning.

The first time I saw Paris I was surprised to note that the then most famous shopping streets in the world were lined and shaded by big trees, which greatly added to their beauty and dignity. When I became a Times columnist I recalled that, urging that Wilshire Blvd. and other business streets be lined with trees, but was sharply rebuked by many business men because they said trees would hide their business signs. I think that I shall never see a sign as lovely as a tree and said so repeatedly, but got nowhere. It is interesting to note that Los Angeles Beautiful now is sponsoring the very same ideas I learned in Paris.

The first time I saw Sierra Madre, in the twenties, I knew I was in a different, distinctive town because of the trees in and around the business center focused about the Pacific Electric Station, where the big red cars rolled in and out every hour and on Saturdays brought hundreds of hikers who would spend the weekend in either their own or a rented cottage at Orchard Camp, First Water, Fern Lodge, Roberts Camp or one of the others between the Halfway House and Opld's. And many went on to the top of Mt. Wilson. Sierra Madre was full of trees but around 50,000 who wished to get closer to nature were on our trails every good weekend.

They say Lucky Baldwin, who loved beautiful horses, beautiful "nieces"—real or borrowed — and beautiful trees was our first preserver

HASTINGS RANCH Little League Champions, top row, Dean Scurr (coach), Brent Schlee, Brad Fey, Tim Evans, Neil Conroy, Gary Jennings, Art Evans (manager); middle row: Paul Maziar, Chris Kinarl, Robby Hunt, Kirk Schlee, Randy Hunt; bottom row: Steve Farrell, Mike Hedrick, Ronnie Scurr and Kevin Conroy (bat-boys), Robert Gould.

Managed by Bert Embree

Little League All Stars Presented By President Paul D. Westman

With a great deal of pride, Mr. Paul D. Westman, President of the Sierra Madre Little League presents the Little League "All Stars" of the 1962 season. Tim Alonzo of the Yankees, Jim Cassidy of the Red Sox, David Cowell of the Dodgers, Jeff Davidson of the Indians, Wyatt Dietrich of the Red Sox, Tom Dorman of the Dodgers, Robert Hardy of the Red Sox, John Howell of the Orioles, Robert Ingram of the Dodgers, Brian McGoldrick of the Yankees, Doug Karnowski of the Yankees, Kai Kuwata of the Dodgers, Eric Richter of the Dodgers, Jack Simons of the Orioles. The alternates are Robert Agee, of the Red Sox, David Embree of the Dodgers, George Matakovich of the Orioles, Jack Ross of the Red Sox and Larry Saylor of the Yankees.

The Little League "All Stars" of Sierra Madre met Friday, July 20, at 5:30 p.m. on the diamond at Eugene Field. There was a record crowd of rooting friends and neighbors in attendance. Sierra Madre fought hard but were unable to score and lost the game 7 to 0.

It is worth while to note, that in the face of defeat the Sierra Madre "All Stars" maintained the Sierra Madre Baseball Association's high standards of courage,

loyalty, and good sportsmanship. The "All Stars" behavior proved the excellence of this baseball program as there was not one incident of poor sportsmanship evidenced by Sierra Madre.

Attends Mothers Funeral In East

Eloise Parker left for Tennessee last Saturday to attend the funeral of her mother, Katherine Braun.

Eloise was accompanied by her husband, Daniel R. Parker, and her sister from Arcadia, Mrs. A. A. Abercrombie.

She resides at 149 B West Montecito in Sierra Madre. Mrs. Parker left on an American Airlines jet.

Two Girls Help Flag Pole Fund

That Sierra Madre and Kertising Square shall have a flag pole, displaying the fifty stars and stripes was the determination of Jessica Stowell, age eleven and Cindy Stornie, age nine.

These two girls were so insistent that this project be completed, that they took their time and effort during the past week, to solicit funds over their respective neighborhood in an effort to help raise the funds to complete the project.

Pennies, nickles and dimes were their reward as their envelopes totaled a little over eight dollars for their efforts.

Smiling faces and filled with enthusiasm the two girls made their reports last Friday. They know that they have done their part in this great project, and soon we hope they will see it waving over our city.

Officers Elected

Planning Commission Oppose Zone Change

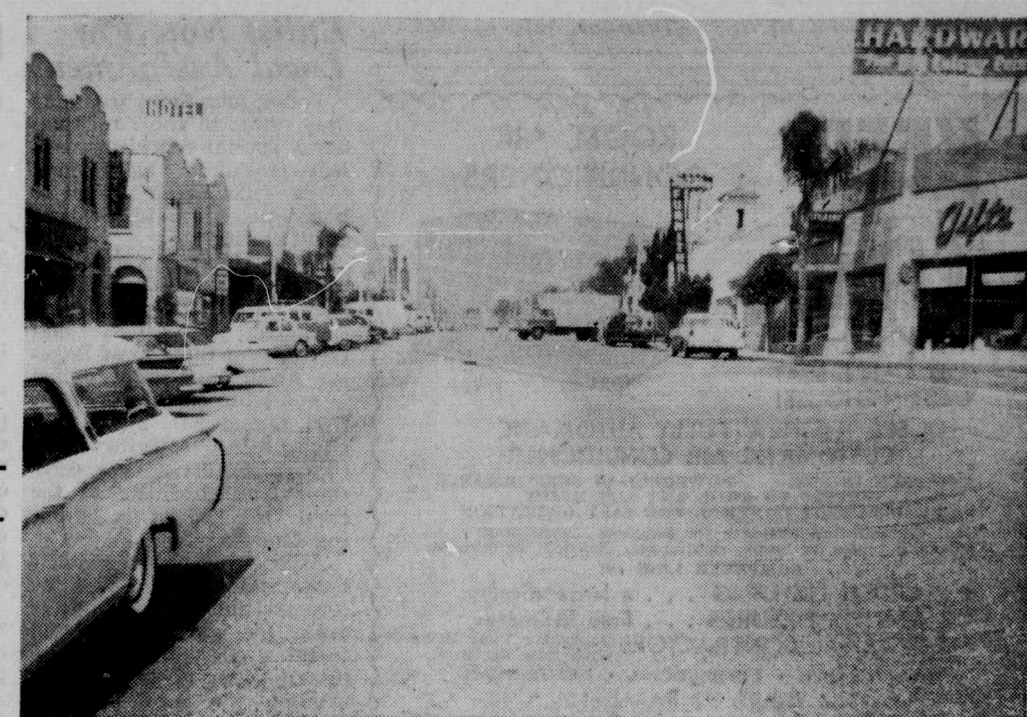

A public hearing on rezoning was held last Thursday, July 19 with all members of the planning commission, the city administrator, and three-quarters of a roomful of local residents present.

Before the discussion began, there was an election of officers in which Richard Beaumont was elected chairman and Marie Casey was elected vice chairman.

First item on the agenda was the continuation of the public hearing on the rezoning of an area on West Sierra Madre Blvd., between Lima and Park, from R1P (Residential-Professional) to C-1 (Commercial).

Two letters stating views of opposition to the change were read, followed by the discussion.

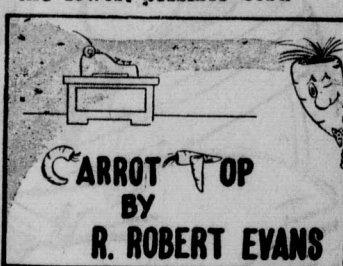

No one was present to give a positive viewpoint for reasons of the zone change, so those with negative viewpoints about the change were given a chance to speak. Don Jackson, who was to speak in favor of the rezoning, could not make the meeting.

Main street of Sierra Madre contains many merchants who are banding together to bring you exceptional buys for the week ends.

Elsewhere in this issue will be found these offerings, and in bringing them to you it is their way of saying "Thank You" for your past patronage, and they are looking forward in seeing you again.

Patronize your hometown merchant, he is your best friend in shopping pleasure and convenience, always gearing his store and personnel to better serve you with quality merchandise at the lowest possible cost.

One of the nicest fellows that one would care to know, and one that constantly has your welfare at heart is Col. Walter D. Thurbur. Known to all of us as "Colonel" he pays us a visit at least once each week, and truly we appreciate those visits. The Colonel is interested in Sierra Madre and its citizens, and always places himself at the disposal of those he may be able to help.

—CT—

As the Colonel says there are two very difficult things in this world. One is to make a name for oneself and the other is to keep it . . . running a close second to these two items is the next one . . . try and make a living for yourself and your family and at the same time try and start a savings account . . . Uncle Sam will block you at every turn. Quite true Colonel, quite true.

—CT—

Talk about fast thinking, we will have to give Ralph Hurwitz of Ralph's Shoe Store a top billing on that item . . . seems a fellow entered his store the other day and showed interest in the purchase of a new pair of shoes, which had the price plainly marked on the box \$20. He said "how much are your \$20 shoes," whereupon Ralph answered immediately, "Ten dollars a foot." Hows that for being right on the button.

—CT—

Earl M. Kerr, your local manager of the gigantic A&P Tea Company Store, and a resident of Sierra Madre, and I have a great deal in common. When I was not yet dry behind the ears, in the old state of Kansas, I had great anticipations of being a groceryman and spent approximately nine years with this great company. Got to the point where I was Assistant Superintendent too. Men like Kerr are real merchandise managers, and this boy really keeps a nice store chucked full of all those things most desired on the family table.

—CT—

Earl is sure a swell fellow to meet and talk with, and has a real sense of humor too . . . I had a cold the other day and was asking him about "colds" in this area and he comes up with the following remark, "colds are both positive and negative; sometimes the eyes have it and sometimes the nose. And you know he is right."

—CT—

Speaking of men . . . ask a man to list five characteristics common to the female, and he will gleefully include in his answer the alleged tendency of the ladies to follow slavishly the dictates of fashion, regardless of the practicality of the mode. He himself of course, is an independent thinker when it comes to clothes. The male animal, if you believe the average

Trash Unightly

Letters of protest as to the unsightly condition of property relative to trash disbursement was noted by the City Council at its regular meeting Tuesday evening.

Ordinances regulating the time trash should be set on the curbs are active ordinances and will be enforced with citations if necessary, says the City Council.

As residents, you are asked to secure a chart showing the time of various collections for your area.

Enlist Now For Local Assignment

Young men from this area may enlist in the Army under a special recruiting project for direct assignment to a Nike base close to home, according to local recruiting officials.

M-Sgt. John L. Crocker of the local recruiting office, 129 N. Marengo Ave. in Pasadena explained that this special three year Regular Army enlistment option is available on a first come, first served basis, and that young men qualifying under this program will receive their basic training at the Ford Ord, California Training Center.

After completion of their basic training they will be returned to the Los Angeles area for assignment and training at one of the 16 missile sites located in or around the Los Angeles area.

For further information interested persons should contact Sergeant Crocker at 129 N. Marengo Ave. or call him at SY 2-3762.

Earl Scott Photographs On Exhibit August 3

by Stephan Attikisson

Photographs by Earl Scott will go on exhibition August 3 at 8 p.m. at the Lopez Gallery, 47 E. Montecito St. in Sierra Madre. It was announced Tuesday by Ramon Lopez.

Lopez states that this "will be one of the few times photographs will be exhibited in an art gallery." However, he adds that Scott's experimental photographs do not fall under the category of ordinary photography, but instead can be considered creative art.

Scott is the recipient of several awards and is also a successful commercial photographer.

He was born in Kansas 48 years ago and has spent some time as a student at the University of Kansas City where he "was deeply fascinated by the accomplishments of a fellow student with his small camera."

Scott left "with a similar small camera," and since that time has used many cameras to add to his collection of photographs.

Besides his photography, he has had what he calls "an adequate exposure to modern art and artists and even a happy sojourn for a year and a half into the practice of painting and sculpture (mostly abstract)."

At his coming exhibition, several prominent camera men and directors are expected to attend, says Lopez.

Previous exhibitors at Lopez's gallery have been prominent painters and sculptors and even Henry Miller, author of "Tropic of Cancer," who exhibited some water color paintings.

Spring Honor Roll Student

A resident of Sierra Madre has qualified for Seattle University's spring quarter honor roll.

She is Michaelinda Husband, daughter of Mr. and Mrs. William G. Knife, 315 West Montecito.

A total of 287 students qualified for the honor roll with a grade-point average of 3.5 (B plus) or above. Sixty-five received a perfect 4.0 grade average for the quarter.

DOBINS SPONSORED

Richard Dobins will be sponsored by the Sierra Madre Kiwanis Club in the Kiwanis Tennis Tournament to be held in Arcadia.

Dobins will enter in the 14 year old age division. The Kiwanis Tournament is nationwide. In Arcadia, the play-offs are for the California division of the tournament.

Villa Views

By
Toni Maurin
SYcamore 7-9634

Too little too late! That's the story of my life. With the onslaught of a little warm weather last week I decided that the time had finally come to replenish my summer wardrobe and prepare for the season. With this in mind I gussied up and hid myself off to shop for casual clothes—

for San Francisco.

The George Stevensons of Sierra Madre Villa returned last week from a rather exciting trip. They flew their own 310 Twin Cessna up to Vancouver intending to take an Alaskan cruise. They changed their minds and then took instead the saguway trip to the St. Lawrence ending in Quebec.

Fun a the J. I. Gates pool-side on Kinclair Drive. They had a bar-b-que and pool party that included among the guests a very talented electric guitar player so they also had a musical day. Their guests were Dr. and Mrs. David Parker, Mr. and Mrs. Everett Stone, Mr. and Mrs. John Padick and their three boys, and Mr. and Mrs. Barney Hottanz.

If you don't think we all had fun last Friday night you have another think coming. We packed kids, parents, and picnic baskets into a big Embree bus at our front door and took off for the Folk Song night at the Holly wood Bowl. This is the way to go. Who cares if you get a little salad down the front of you, or if someone steps on your cupcake, it is still a peck of fun and laughs plus lots of good music.

Those on board were Dr. and Mrs. Robert Mueller, Dr. and Mrs. Robert Christian, Mr. and Mrs. James Smith, Mr. and Mrs. Alkman Armstrong, Dr. and Mrs. Cleve Dorsey, Mr. and Mrs. C. Tom Crawford, Mr. and Mrs. Charles Goldsworthy, Mr. and Mrs. R. L. Packard, Mr. and Mrs. Ken Christian, Mr. and Mrs. Charles Hardison, Mr. and Mrs. William Baugh, Mr. and Mrs. Gene Rode, Mr. and Mrs. Ernest Maurin, and all of their children.

Roger Rittenhouse, son of Mr. and Mrs. W. P. Rittenhouse of Windover Rd. celebrated his birthday with a bang up party on July 15, that included all of his Cub Scout and Indian Guide friends. The party was a Swimming, Game, and Bar-b-que affair, and the boys really were enthusiastic about all of the activities. The outstanding sweepstakes winner for the swimming and diving events was Tom English, followed by Stuart McFarland and T. K. McClintock in diving, and Kenny Washburn and Roger Rittenhouse in the swimming.

The other boys were Tod Armour, Gary Carmichael, Tom Gillett, Eddie Kaplan, Craig Schueter, Brad and Burk Steed, Chris Nyberg, Jeffrey Parker, and Steve McFarland.

You'd think Christmas was upon us if you had been at the home of Mrs. Edward Halperin on Old House Road last week. Several members of the Villa Guild of the Rosemary Cottage got together to start some of the Christmas decoration that will be for sale at the Christmas Tea. Some of the creations are so lovely they are apt to start a stampede in the buying department, they are absolutely decorative masterpieces.

Some of Santa's helpers were Mesdames Nancy Mueller, Irene Fuller, Sara Anderson, Bernice Jextheimer, Patty Turnbull, Fran Wilson, Jane Holmes, Vera Rittenhouse, and myself. There will be another meeting at 9:30 a.m. on July 30th for those that have the time.

Mr. and Mrs. P. W. Sapp visiting from Tallahassee, Florida, have had little time to contemplate the quiet of rural life since their arrival last Saturday. They are staying with their niece and her husband, Mr. and Mrs. Roy A. Hoffman of Cricklewood Path.

The Hoffmans have been squiring them around to some of the local highlights such as Laguna Art Festival, Catalina Island, and Disney land. They are planning to leave at the end of the week

CARROT TOP

specimen's assertions cannot be fooled by all this too do about changing styles... he dresses intelligently.

So, forgetting about the questionable utilitarian value of the necktie and the buttons on the sleeves of the coat, let us examine some aspects of male attire.

Take the slit in the lapel. A charming, if dubious, tale has that Queen Victoria once presented Prince Albert with a rose. He in an impulsive and extravagant mood, snatched a knife and jabbed a hole into his lapel to hold the rose. Today men who never wear flowers wouldn't dream of buying a coat without a slit in the lapel.

Or the nick in the lapels? This dates back to Sixteenth Century France. The high collared waistcoats of the time made it necessary. The collar would not permit the lapels to lie flat on the chest. Notching the lapels solved the problem; and the notches are still there today.

The ornamental ribbing on mens socks — the clocks? Hundreds of years ago most socks were not woven, but formed of one piece of cloth. To hide the unsightly seams thus obtained, ornamental pieces... were sewn over them. No man wears one-piece socks today, but many men wear clocks.

The slit in the back of the coat, this was very practical indeed when it was introduced hundreds of years ago. And it would still make sense for the modern male... if he rode a horse to work and carried a sword.

OK men, we have said enough about the sharp pointed shoes, the long and the short of the dresses... women have their points also, don't you think?

In closing for this week I would like to ask another question: "Why go a-broad and wear a Bikini when you wouldn't think of doing so at home?" With this I believe I have said enough for this week... see you around... I hope, I hope.

Pat Nixon Attends Arcadia Luncheon

Pat Nixon, wife of gubernatorial candidate Richard Nixon, was the guest of honor at the Arcadia Women's club luncheon fashion show at the home of Mrs. William Farrar, 1311 Rodeo Rd., Arcadia, 11:30 a.m. Wednesday, July 25.

The event was held to raise funds to assist campaign activities of Republican candidates in the forthcoming elections.

The luncheon began at 11:30 a.m. followed by the fashion show at 1:00 p.m.

Assemblyman Frank Larterman of La Canada provided organ music entertainment during the program.

Luncheon and Card Party Wed., July 25th

A Salad Bar Luncheon and Card Party will be given by Court Queen of the Rosary No. 1635 Catholic Daughters of America on Wednesday, July 25, 1962 at the home of Mrs. Joseph Delgatto, 734 Fairview Ave., Sierra Madre. The proceeds of the party will be used for the court charities.

Mrs. James Walshe has asked Mrs. Joseph Delgatto to be chairman and the following have volunteered to help her: the Mrs. Anthony DePasco, Lawrence Palmisano, John Zuerlein, John Moe, W. H. Newbery and Miss Mary Dillon.

MRS. JOHN HAYES, JR.
Nee Jeanne Auger

Wedding At St. Rita's Church Unite Jeanne Auger and John Hayes, Jr.

Simple elegance marked the wedding in St. Rita's Catholic Church Saturday of Miss Jeanne Auger and John Hayes Jr., who greeted guests at a garden reception afterward at the Pasadena home of the bride's mother, Mrs. Edwin A. Auger.

The new Mrs. Hayes wore a Cahill design gown of de-lustered satin with alencon lace bordering the neckline and shoulders. Of classic design the dress was gorgeously fashioned, flowing into a chapel train. Her bouquet was designed around a lace and ivory fan, a family heirloom of pre-civil war days, complimented with an orchid and simple sprigs of lily-of-the-valley.

Daughter of the late Mr. Auger, the bride was given in marriage by her brother-in-law, Mr. A. Peyton Hurley of Memphis. Mrs. Hurley, sister of the bride, acted as matron of honor and the bride's niece Nancy Hurley was flower girl.

Candlelight beige peau-de-soie neaths were worn by

the bridesmaids, Miss Cindy Paegel of Sierra Madre, Miss Marsha Peterson of Pasadena, and Miss Margorie Drew of Westwood. Their dresses were complimented by long stem raspberry roses combined with maiden hair fern.

Best man selected by Mr. Hayes was Mr. Robert Krause of Pasadena, recent West Point graduate. Ushers were Jerry Grizzle of Hollywood, John Grizzle of Pasadena, Richard Cantrel of Pasadena, and John Huggins of Los Angeles.

Warren Marshall, formerly with the Pittsburgh Civic Opera and close family friend was soloist.

Mrs. Auger, mother of the bride was gownned in raspberry French linen, with Mrs. Hayes, mother of the bridegroom, being gownned in an Italian frosted tissue knit of ice blue. Both had matching hat and accessories.

The couple's wedding trip will take them to Vancouver. On their return they will make their home in Pasadena.

Out of town guests included: Miss Elizabeth Hayes, sister of the bridegroom, of Washington, D.C., en route to Indonesia; Miss Kathleen Zondlo of Minneapolis, Minn., and Mr. and Mrs. Peyton Hurley and children of Memphis, Tenn.

Garden Club To Picnic Aug. 13

The beautiful gardens of Mr. and Mrs. J. C. Brand, 227 West Orange Grove, Sierra Madre, will be alive with flower lovers Monday, August 13, when the Sierra Madre Garden Club members will hold their annual picnic beginning with a pot-luck supper at 6 p.m. Members and friends are asked to make reservations by Friday the 10th.

Program will be given by two club members. Mr. Brand, president, will talk on spray watering and Mr. C. L. Young on his hobby, coleus.

Members are urged to attend this top event of the year, take a friend and wear a flower.

Assigned As Economist

Donna Miller, 20, daughter of Mr. and Mrs. Don Miller, 303 Manzanita Ave., Sierra Madre, has been assigned to the Santa Barbara division of Southern Counties Gas Co. During the summer weeks, she will work as a home service apprentice under the supervision of Southern Counties home economist Carol Dering.

While in Santa Barbara, the Pepperdine College senior will assist in gas consumer home calls, gas appliance dealer demonstrations, model home openings and special classes in food preparation and appliance use for natural gas customers.

Before returning to Pepperdine, the home economics major will give a personal demonstration in food preparation and gas appliance proficiency before an audience of staff and division home economists at Southern Counties' offices in Los Angeles.

Southern Counties has made a practice of employ-

New Officers For Toastmistresses

Mrs. Vincent D. Bryant, Past Director of the Southwest Region, International Toastmistress Clubs, installed the officers of Council Nine, Southwest Region, I.T.C. Mrs. Bryant used the Toastmistress Crest as her installing theme. Mrs. Raymond S. Jerzy of the Montebello Toastmistress Club was installed Council Chairman, Mrs. Paul Kramb of the Arcadia Toastmistress Club, Vice Chairman, Miss Bernice Milone of West Star, Recording Secretary, Mrs. Arthur Gfeller of West Covina, Corresponding Secretary and Mrs. Cameron Jackson of Oralettes, treasurer.

Those named from the Foothill Toastmistress Club are Mrs. Don Burns, Parliamentarian and Mrs. John Kinsley, nominating committee.

ing college home economics majors for summer participation in the company's home service program for the past nine years.

Engagement of Daughter Cheryl Ann Announced By Mr. and Mrs. F. J. Blass

CHERYL ANN
... engaged

Mr. and Mrs. Frederick John Blass of Pine Bluff Dr. announce the engagement of their daughter Cheryl Ann to Richard James Cudworth, son of Mr. and Mrs. Robert C. Cudworth of Palmyra Drive, Altadena, California.

A supper and swim party was held recently at the home of the parents of the bride-to-be. The news was revealed by champagne glasses tied with white ribbons and pink scrolls inserted through pink hearts.

Miss Blass was graduated from Pasadena High School and is enrolled at Pasadena City College.

Her fiancé is a graduate

of John Muir High School and he is attending Pasadena City College where he is a member of Phi Sigma Fraternity.

The date for the wedding has not been set.

Ballet Opera October 28

"Cinderella" in the form of a ballet opera will be offered by the Suzanne De Truan ballet school October 28 in the Pasadena Civic Auditorium, it was announced Tuesday by Olga De Truan.

About 200, including professional guest artists, will be in the production says Mrs. De Truan.

The most talented students from Suzanne De Truan's three studios — South Pasadena studio, San Marino studio, and Sierra Madre studio — will go into this ballet.

Among the professional artists expected in this production are Alec Nigloff, Suzanne De Truan and Madame Olga.

From Sierra Madre, says Mrs. De Truan, will be 6-year-old Robin Jordan, doing an exceptionally fast "Chinet" (certain type of turn), Flora Willet, a very graceful ballerina, Denise Davies, who will be Cinderella, and many other Sierra Madre children.

SIERRA MADRE NEWS-3

3 Local Girls Win Sterling Silver Spoons

Several local girls have been named winners in the nationwide "Graduate to Sterling" contest. The Sterling Silversmiths of America, sponsors of the annual contest, will send each girl a lovely miniature sterling silver spoon pin, in the pattern of her choice. Among the local girls who will soon be receiving their pins are: Miss Martha Warriner, 471 W. Montecito; Miss Cathie Bowman, 353 Auburn, and Miss Suzanne Toms of 265 Mariposa.

The contest was open to 1962 graduating high school girls. Some 60,000 girls from all over the country entered the contest, with the winners selected in a nationwide drawing held in New York City.

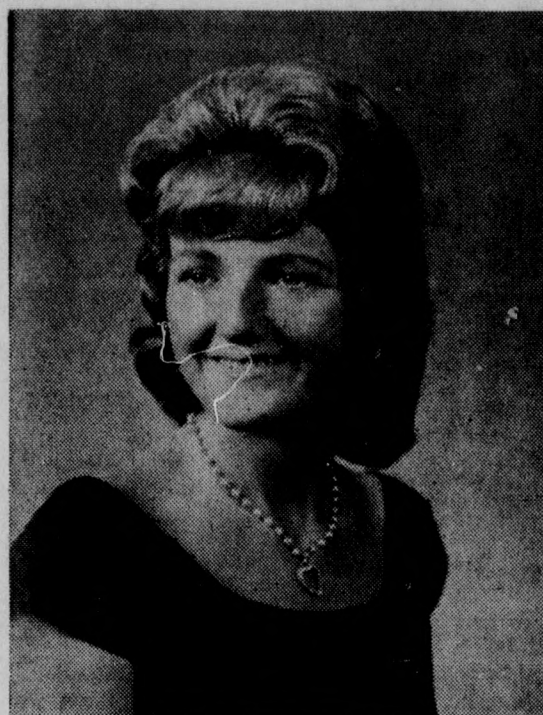

This is the fourth year of the "Girl Graduate" contest which offered prizes totaling \$25,000 in cash and sterling silver. The girls entered the contest by registering the name of their sterling pattern with a local retailer.

som resides at 16713 Nubla in Covina.

Thomas Ransom graduated from Azusa High School last June and is presently employed in Ontario.

Vicki Jones attended Monrovia High School.

Social Activities

Mr. and Mrs. R. Jones Announce Engagement of Daughter Vicki

Mr. and Mrs. Raymond Jones announce the engagement of their daughter, Vicki, to Thomas Ransom.

Thomas and Vicki plan to wed August 10 at the Four Squire Church on Hoyt Ave. in El Monte.

Maid of honor will be Miss Judy Bower and matron of honor will be the bride's older sister, Mrs. Evelyn Biller. Bridesmaids will be: Mrs. Shirley Griffo, another sister; Mrs. Kathy Burke, the bridegroom's sister, and Mrs. Edith Jones, the bride's cousin from Lancaster.

Best man will be the groom's oldest brother, Mr. Charles W. Ransom, Jr., of Ontario and attendants will be: Floyd Ransom, Anthony Griffo, Leonard Biller and Stanley Hughes.

Grandmother of the bride is a former owner of Sierra Madre Dairy.

The Jones reside at 1945 E. Orange Grove Blvd. in Pasadena and Thomas Ransom resides at 16713 Nubla in Covina.

Thomas Ransom graduated from Azusa High School last June and is presently employed in Ontario.

Vicki Jones attended Monrovia High School.

Jessie Rhodes Services Friday

Forty year old Jessie Avory Rhodes died of a heart attack last Tuesday. While at work he became ill and was taken to a doctor's office where he "passed away suddenly."

Mr. Rhodes, a 16 year California resident, worked 15 years for the city. He was a foreman in Sierra Madre's water department. Mr. Rhodes is originally from Cullman, Alabama. He last resided at 16824 Nubia St. in Covina. He is survived by: his wife, Helen Virginia Rhodes; his 13 year old son, Kenneth Bryan Rhodes; his eight year old daughter, Marcia Sue Rhodes; his seven year old son, Gary Stewart Rhodes; his parents, Mr. and Mrs. W. R. Rhodes of Hayden, Alabama; his brothers, Robert W. Rhodes of Tonant, Alabama and M. B. Rhodes of Pomona, California; his sisters, Mrs. F. A. Stricklin of Birmingham, Alabama and Mrs. James Heard of Monrovia, California.

Services will be held Saturday at 11 a.m. at Ripple Mortuary, 201 W. Sierra Madre Blvd. in Sierra Madre. Rev. Milton Sanderson of Azusa will officiate.

A Controversial Subject Chosen

Sierra Madre's public library has chosen a controversial subject for its next program on the IORI ZON radio broadcast series sponsored by the public libraries of the San Gabriel Valley and Radio Station, KPPC, of Pasadena, on Wednesday night, July 25, at 8:30.

The panel assembled by Librarian Josephine Terry is made up of Dr. Norman R. Davidson, of Sierra Madre, a bio-chemist on the Cal-Tech faculty, Dr. John N. Simons, of Sierra Madre, a senior entomologist on the Stanford Research Institute staff and Dr. Karl R. Johanson, of Hastings Ranch, a microbiologist with Cal-Tech's environmental engineering group.

Mrs. Elizabeth Keith, Assistant, Sierra Madre Library will moderate the discussion.

Cocktail Buffet

Mr. and Mrs. Auger, of 3815 Canfield Rd., entertained 20 guests at a cocktail buffet "in compliment of Mr. and Mrs. A. Peyton Hurley, formerly of Arcadia, now of Memphis, Tennessee," it was reported by Mrs. Auger.

Mrs. Hurley, daughter of Mrs. Auger, was here for the wedding of her sister,

Invitations Out For Creative Art Group, 6 Years to 13

Invitations went out last week to families and friends of the children participating in the Creative Arts Group Summer Play Session for the program on Thursday evening, July 26. An "Outdoor Evening" will be held in the spacious grounds of the home of Mr. and Mrs. Harry Snow of Sierra Madre.

An art exhibit arranged along the paths and in the summer house, a variety of puppet shows, and an original musical play comprised the evenings presentations. Guests spread "sit-ups" on the grass for the play and the community sing which closed the evening.

Mrs. Aldon Melzian, Mrs. Bruce Wallace and Mrs. Davis Whiteside are leaders of the art workshops and arranged the showing of paintings, murals, mosaics and ceramics which have been produced during the summer.

Mrs. J. R. Hawkins has been in charge of three puppet workshops for children of different ages who have made many different kinds of puppets, and made up their plays complete with scenery, props and sound effects. Mrs. William Stewart has directed the drama-dance workshop which has written the musical play in cooperation with the guitar-folk singing

group under Mrs. Richard Ewing. Mrs. Ewing and members of the teen guitar workshop led the community singing.

Puppeteers who appear in "The Haunted Farmhouse," "Sleeping Beauty," "The Stolen Horse," and "Peter Pan" were Carol Brennan, Cindy Burton, Karen Diddy, Kitty and Molly Campion, Jean Gaffey, Byron and Pat Sue Gunther, Katie Healy, Tom Halman, Nancy Julian, John Livingston, Mark Maloney, Paul McAdams, Mar-go McBan, Bryan Schryer, Sari Seegmiller, Carol Stewart, Kathy and Terry Vigil, Mike and Jody Ward, and Jimmie Marchese.

They, and all of the following have parts in "The Trapped Bandito," a play about the early days in Sierra Madre: Patricia and Valeria Salternick, Anne and Ricky Waymont, Pami Sawyer, Cathy Pappageorge, Lisa Seegmiller, Evan Healy, Craig Anderson, Robert Stevens, Mary Alice Colvin, Tom Billett, Linda and Paul Westman, Judy Fox, Patricia Ancona, Andrea Howard, Timothy Jones, Scott Rowe, Gordon Michell and Bobby Stivers.

The youngest group of thespians who presented a prologue to the play included Cynthia Fry, Karen Eldred, Mary Anne Archambault, Teddy Velasquez,

Brain Anderson, Leticia Course, John Murphy, Barbara Anne Pederson, Melinda Mursing, Christina Phillips, Jane Hackbarth, Taryn Carlson, Carl Spellman, Mary Benedict, Michelle Frensenoff and John Cowan.

LEGAL NOTICE

NOTICE OF AWARD OF CONTRACT
Pursuant to statute and to Resolution No. 1912 of the City Council of the City of Sierra Madre, directing this Notice, NOTICE IS HEREBY GIVEN, that the said City Council of the City of Sierra Madre in open session, on the 10th day of July, 1962, publicly opened, examined, and declared all sealed proposals or bids for performing the work and improvement described in Resolution of Intention No. 1877 of the City Council of the City of Sierra Madre, adopted on the 27th day of March, 1962, which Resolution of Intention is on file in the office of the City Clerk of the City of Sierra Madre and is hereby referred to for a description of said work and improvement and for all particulars relative to the proceedings under said Resolution of Intention; and notice is also hereby given that the City Council of the City of Sierra Madre, thereafter on the 24th day of July, 1962, awarded the contract for said work and improvements to the lowest regular responsible bidder to-wit: M. G. B. Construction Co., at the price named in the bid for said work and improvement of said bid, which said bid is on file in the office of the City Clerk of the said City of Sierra Madre, and to which reference is hereby made and the attention of all persons interested is hereby directed.

July 26 and August 2, 1962

Cost of Gas Turbine to Be Studied

Due to electric power lines being above the ground, and that during an emergency, such as floods or fires, it has been noted by the City Council that power may be turned off during these emergencies and the City of Sierra Madre left without power to operate their water pumping system.

With these thoughts in mind, Mayor W. Webster Vannier, at the recent meeting of the City Council, asked the Council to approve the checking-in-to by City Administrator Bevington the possibilities of obtaining a gas turbine plant to be used as a stand-by unit in the event of emergencies.

It was further noted that gas lines were under ground and such emergencies would not have a tendency to shut down the water pumping plant. The possibilities of putting electric lines underground seemed too costly for the City, as it would be necessary, according to the Mayor, for the City to bear the brunt of this expense.

Further reports on this project will be forthcoming at a later date.

Little League (Continued from Page 1)

Hastings Ranch "All Stars" played an outstanding game of baseball as proved by their pitching, fielding and hitting. They also held Pasadena American at a score of 7 to 4 on July 21, making them the champs of Area 3.

Sierra Madre Babe Ruth "All Stars" teams were also defeated last weekend. The 13 year olds lost to Arroyo 11 to 0 and the 15 year olds lost to Glendora 8 to 2.

The Highland Cardinals are leading the Babe Ruth League with 9 wins, 4 losses and 1 tie. The tie game (5 to 5 at the end of 6 innings) was with the second place Giants, sponsored by the Kiwanis. The Giants have 6 wins and 7 losses. Harry Lange's and the Sierra Madre Fire Department's Senators are tied with Morehouse Food's White Sox for last place in the team standings, with 6 wins and 8 losses each.

These teams play one more game each, unless playoffs are necessary. Babe Ruth games are played week days at Sierra Mesa School, 5:30 p.m.

Planning Commission (Continued from Page 1)

be focused on the present C-1 zone and improving it rather than trying to create "new commercial zone."

The decision of the commission proved to be unanimously against the change. There was a five minute recess, followed by a discussion of rezoning of another section of Sierra Madre Blvd., east of Baldwin to Sierra Place (north and south sides of the street), from R-P to C-1.

Those in favor of the change stated:

1. Some business buildings needed changes, which landlords refused to give.

2. Sierra Madre has to "look ahead." When growth in the city population would make a zone change "absolutely necessary," it would be much harder on those making the change and many of those affected by the change than it would be now.

3. The length of the present Sierra Madre C-1 zone is not adequate.

Arguments of the opposition were about the same as the ones at the previous discussion.

The meeting began at 8 p.m. and adjourned at 10 p.m.

Streets with Grades (Continued from Page 1)

themselves and the Police Chief, and that his complete tolerance would be sought relative to visitors, and issuing of citations for those outside the area.

It was definitely expressed by Council, that they would not seek a "turn your head the other direction" policy when violations were noted, but that a warning be given for first violations of outsiders or visitors. Should consistency be noted, then a citation would be given.

The balance of the meeting was given over to the review of the proposed budget, possibilities of cuts, salary increases and flood control. Further meetings on this proposition will be forthcoming.

Coin Laundry (Continued from Page 1)

service 12 C East Foothill Blvd., Arcadia. The installations at the Wightman service include 24 Frigidaire washers and nine driers. This is designed to give a customer an opportunity to use three or more washers simultaneously — total washing to be completed in 18 minutes. One dryer then dries all the clothes from three washers in another 15 minutes — 33 minutes in all.

A particular feature of the Wightman service is that the washers and driers are completely automatic, with instructions for use in large print and easy to follow. Coin deposit pays for the service. The laundry service will be open 24 hours a day, easily making it possible for busy housewives to do their laundry anytime in the evening or night. Soft water is used in all washing. The building is aircooled to add comfort to the service on warm days. The Wightman Self Service Laundry is a new member of the Sierra Madre Chamber of Commerce.

SAMMY IS GONE

Two long-established residents of Sierra Madre, Mr. and Mrs. Frank Gregory, who reside at 405 Ramona Avenue, are very concerned about the disappearance of their ten-year-old black cat, "Sammy," a short-haired altered male. The return of their cat would be generously rewarded. Their telephone number is EL 5-1196.

Resurfacing In Planning

Plans are now being prepared for resurfacing Sierra Madre Blvd., it was reported by Larry Bevington, city administrator.

The entire street from Baldwin to Michillinda will be involved.

Included in the project will be changes done to the black top, to the curve gutters, and to some intersections.

The intersection of Michillinda and Sierra Madre Blvd. is to be redesigned.

Bevington says that the construction won't start for at least 60 days. A definite date has not been set.

owners.

Elizabeth Mc Kinney of 691 Chaparral Road in Sierra Madre has returned this week from a three month stay in Europe.

Letter to Editor

I would like to appeal to the parents of juveniles who frequent the swimming pool to warn their offspring to keep off of private property on their way to and from the pool. I have posted signs and these have been pulled up and destroyed by vandals, morons or imbeciles or what have you!

These are deliberate and willful actions. I have reported to the police and am hopeful that some order may result. Much time and expense is involved in maintaining flowers and shrubs and it's most discouraging to have them trampled down. Also the litter from cast off candy wrappers, pop corn bags etc. is another caution that needs checking on.

SUBSCRIBERS TO THE

Sierra Madre News

According to government statistics of 3.83 persons per home the
Sierra Madre News has

26,890

Potential Readers Each Week

WHY?

Because we carry the news of all activities in Sierra Madre and the surrounding areas. We are the hometown paper with a heart -- read from front to back -- offering a greater circulation in our area than any other newspaper with the best reproduction facilities known to letterpress printing.

REMEMBER ADVERTISERS

No other media reaches so many homes in this rich shopping area -- the highest income group in the San Gabriel Valley -- a 3' postcard would cost you \$210.63 to reach this many homes yet an advertisement in the Sierra Madre News the size of a postcard would cost only \$10.35 to bring your message to the readers of this area.

THINK IT OVER!

DARLIN' DRIVER — Wasn't it fortunate that when Milne Bros., Pasadena auto agency, announced it had been selected to launch a nationwide "be your own test driver" campaign with a fleet of 10 brand-new 1962 Valiants available from the Chrysler Corp. for a free 24-hour test period that a lissome lass like Cheri Caffaro showed up along with a photographer to record it? Gen. Mgr. Bob Feuerhelm signed her up and cautions interested San Gabriel Valleyites to do likewise before the campaign ends July 28. Phone 795-9781, he urges, and "no strings nor salesmen attached."

Assessment? (Continued from Page 1)

existing flood control funds. It is the opinion of the City Fathers that this method would place a definite hardship on the finances of the city and the various funds and reduce their outstanding balances some \$76,000 for the operating year of '62-'63.

The other proposition under consideration by the City Council is the formation of Assessment Districts. One, two or three districts where the costs of the flood control would be assessed directly against the property affected, with any balance in the cost not being taken out of other funds or by a General Tax levy of say 5, 10 or 15 cents per \$100 valuation.

A general tax levy of 20 cents would speed up the project and work could start at any time after the Council gives the order to the City Administrator and places the tax levy with the County Assessor to be collected.

Special Assessment Districts could prolong the situation some six weeks, and should the property owners object and turn down this method, the time would be too late to place a general tax levy and the entire affected area would, so to speak be left "holding the bag." Should this method be then the next step might be a Special Election for approval of a bond issue to take care of the costs.

A flood control report was given to the property owners so affected by City Administrator Bevington, and an opinion of the Council was that a meeting between the property owners of the area and the City Administrator should be held with an attempt to effect an agreement whereby the City Council could proceed, with accumulation of the costs, by their meeting of August 14.

The City Administrator was authorized by the Council to meet with the Consulting Engineer, define the boundaries of Assessment Districts, ascertain the costs, and the method of charges and amounts against the property owners so affected.

Response to the "be your own test driver"

campaign being conducted at the Milne Bros. "World of Wheels," Pasadena under the auspices of the Chrysler Corp. has been rather sensational, it was announced by Bob Feuerhelm, general manager.

"The public sensed that this was a great opportunity to drive a car on their own for a full 24 hours without sales pressure and with no strings attached, and the 10 brand-new 1962 Valiants assigned to us by Chrysler Corp. have really been on the go," he said. The Valiants, which are not for sale, were turned over to Milne Bros. July 18 and will be available there until July 28.

Upon return, drivers are asked to fill out a questionnaire giving their comments on the Valiant's performance and other features.

"So far," said Feuerhelm, "the chief complaint has been that they couldn't keep the car longer."

All the comments will be collected and sent to the Chrysler Consumer Advisory Panel in Detroit for study and evaluation, he said.

Anyone desiring a Valiant for a 24-hour test drive may call

Milne Bros.

at 795-9781 or 681-3503 to arrange a suitable time.

Bill Tibbs, a sales manager at Milne Bros. "World of Wheels," Pasadena, says a vacationing customer told him about a highway sign that cleverly served warning to speeders in this fashion — "This may be the jet age, but, Mr. Motorist, you ain't driving one yet!"

Arsonist At Work

Pasadena police are seeking a shirtless arson suspect who two 16-year-old boys said Monday night threw a lit torch on a gasoline-soaked porch of a new house at Hastings Ranch.

A young man wearing only dark pants went running down Daveric Dr. after the porch of the \$28,000 house burst into flames, police were told by Ralph E. Thorgimson of 1395 Daveric Dr. and Frank L. Hudson of 480 W. Highland St. in Sierra Madre.

One boy went to a house closeby to call the fire de-

RETURNS HOME

Mrs. Kenneth Graff and her children, Gary and Janet, left Saturday at noon for their home in San Leandro, California. They were visiting Mrs. Graff's parents, Mr. and Mrs. Leeland Marsh of 657 W. Grand View.

partment while the other boy got a hose from another house and, with the help of a neighbor, put out the fire before the firemen came.

Estimated damage was about \$150.

Benjamin T. Lake, who arrived from Parkridge, Ill. last week, had just bought the house and was anticipating moving in this week.

Trash

(Continued from Page 1) and see that your containers are not set out before the prescribed time, and are retrieved by the allotted time, and by this method avoid a citation.

Complaints were also received as to the contractors not being too tidy in their collection. The Council will notify these contractors and ask that they put their departments in order.

Scales of Fish

Once formed, the number of scales on a fish never varies, according to the National Automobile Club. Instead, the scales get bigger as the fish grows.

Blinco Speaks To Kiwanis

Rev. Joe Blinco, Billy Graham's associate who has made a number of appearances in this area recently, spoke at last Tuesday's Kiwanis Club meeting, it was reported by Jim Hall.

The talk on the United States' economic wealth contrasted by spiritual poverty.

Mr. Hall said the talk "was extremely interesting."

He added that it was not a typical "pulpit talk," but instead very "down to earth."

Dr. Shaefer of the Bethany Church on Baldwin Ave. in Sierra Madre was also at the meeting.

Car Without

there was "moderate" damage done to the vehicle's front end.

When checked by a policeman, the handbrake on the auto was found to be off.

Police Chief Mac Millan reports that cases such as this have been "fewer and farther between" in recent times.

"This is due to the fact," he explains, "that there is now more enforcement" of the ordinance requiring people to block their wheels against the curb when parked.

He added that Pasadena and Arcadia enforce the same ordinance, and without much objection from the people.

Returns From Two Weeks Vacation

Marie Keating and Eve Danforth both returned from their vacations Sunday, July 15.

Mrs. Keating left for her two-week vacation on a jet, landing in Pittsburgh. Her vacation was spent in Pittsburgh, New York City, and Danbury, Conn.

While in New York, she met Mrs. Danforth, who had been staying in Wilmington, Delaware, and the two left for Danbury. A couple days later they flew home together.

ALUMNAE TO MEET

Members of the Verdugo District CFWC Alumnae will meet on Monday, July 30 for a picnic luncheon and meeting at 12 noon in Garfield Park South Pasadena.

Mrs. W. R. McCallum, the president, announces a brief business meeting for consideration of a proposed amendment to the by-laws. All alumnae members are urged to attend.

VICIOUS CIRCLE

Most people today are short-winded — their running expenses keep them out of breath.

Do You Know the Answers?

Monthly Air Raid Test This Friday

This Friday, July 27, as every last Friday of the month, is Air Raid Siren Test Time. The test will be made at 10:00 a.m.

Here are a few questions that the Civil Defense are asking, and hope that you have the answer. What would you do if we had an alert? Could you get your children home fast enough from their play activities? Do they know what the alert means? and do you know what to do?

The monthly air raid siren test is a good Civil Defense exercise for all members of your family. Plan an exercise for your family.

Do you know where 640 and 1240 kilocycles are on your radio dial? Does your family? You should acquaint yourself with these vital emergency facilities

which might be your only means of learning official information if this country is ever attacked.

The test signals will be run as follows: The Alert Signal, a steady blast of three or four minutes' duration (only one minute during test) and The Take Cover Signal, a walling tone or series of short blasts of three minutes' duration (one minute during test).

The local office of Civil Defense would request that any Sierra Madre resident who is unable to hear the siren test to please drop a post card to the office at 55 W. Sierra Madre Blvd., and give the location.

Slot machines must have been invented by an undertaker — at least they've buried many a bankroll.

Swim Team Victorious Over San Gabriel July 21

As said last week, "long hours of practice and hard work have their rewards," and the Sierra Madre Aquatics Club proved it to be true on Saturday, July 21. Not the

LEGAL NOTICE CERTIFICATE OF BUSINESS, FICTITIOUS NAME

The undersigned do certify they are conducting a business at 9 Kersting Ct., Sierra Madre, California, under the fictitious firm name of SIERRA MADRE NEWS and that said firm is composed of the following persons, whose names in full and places of residence are as follows:

R. Robert Evans, 350 Toyon Road, Sierra Madre, Calif.; Peggy L. Evans, 350 Toyon Road, Sierra Madre, Calif.

Dated June 23, 1962 R. ROBERT EVANS PEGGY L. EVANS

State of California, Los Angeles County: On June 23, 1962, before me, a Notary Public in and for said State, personally appeared R. Robert Evans known to me to be the person whose name is subscribed to the within instrument and acknowledged he executed the same.

H. Clay Reavis, Notary Public My Commission Expires Feb. 19, 1963

ublish Sierra Madre News July 5, 12, 19, 26, 1962

LEGAL NOTICE NOTICE OF PROPOSED CONDITIONAL USE PERMIT

NOTICE IS HEREBY GIVEN that the City Council of Sierra Madre will hold a public hearing on Tuesday, August 14, 1962, at 8:00 o'clock P.M. in the Council Chambers of the City Hall of Sierra Madre, located at 55 West Sierra Madre Blvd., Sierra Madre, California, in regard to an appeal from an action of the Planning Commission denying a Conditional Use Permit for a 20 bed nursing home for care of aged and infirm persons to be located adjacent southerly to 123 North Baldwin on property described as Lot 3, Hawk's Tract, except the easterly 32 ft. thereof.

Application and map are on file in the office of the Secretary of the Planning Commission.

The application for said Conditional Use Permit is based upon the grounds that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a Conditional Use Permit as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof; that the proposed Conditional Use Permit, if granted, would be subject to such conditions as the City Council may deem necessary to assure that the spirit and purpose of the Zoning Code will be observed, public welfare and safety secured and substantial justice done to all parties.

Dated July 16, 1962 L. MARIE WARFEL, City Clerk

8—SIERRA MADRE NEWS
Thursday, July 26, 1962

GUEST PASTOR

Dr. William J. Thompson,
former pastor of the Sierra
Madre Congregational
Church from 1920-1924, and
member of this church, will
occupy the pulpit this Sun-
day during Rev. Lindsay's
absence.

Gas Tax For \$28½ Million

State Controller Al Cran-
ston today reported that ap-
portionments from the
Highway Users Tax Fund
during the 1961-62 fiscal
year totaled \$443,051,812—
an increase of \$8,761,311
from the previous year.
The total allocated to L.A.
County in the fiscal year
which ended June 30, was
\$28½ million.
The state gasoline tax of

6 cents a gallon is the prin-
cipal source of revenue for
the Highway Users Tax
Fund. It is divided as fol-
lows: Four cents to the State
Highway Fund for highways
1½ cents to the counties and
½ of a cent to the cities.
Under state law the money
must be spent for con-
struction, improvement and
maintenance of highways,
roads and streets.

RETURNED FROM VISIT

Mrs. Esther Eppard, Mrs.
Anna Block and Mrs. D. W.
Nourse have returned from
several days visit at Lucerne
Valley as guests of Mr. and
Mrs. Cleo Richardson. They
found the Valley delightful
as there were several show-
ers the day they arrived.

No great career can be
launched until a solid foun-
dation has been built.

**Returns From
Stay in England**

The Allan Herberts, for-
mer Sierra Madre residents,
returned from England Sat-
urday, July 14.

They left for England
about three and a half years
ago.

Presently they are staying
with friends in Pasadena
and are looking for a place
in Sierra Madre.

Keep This
Under Your
Hat

By
JOYCE WENGER — SYCAMORE 8-4777

Dateline: Balboa Island—
A smogless breeze gently
blows the curtain beside my
typewriter and glancing out
I see boats of every descrip-
tion drifting by — while
everyone, but EVERYONE is
on the beach! This is the
way to write column!

Entertaining guests from
New York plus vacation
preparations played havoc
with my deadline for this is-
sue. However, now that
we've arrived, unpacked and
the family are off to their
varied and joyous pursuits
— my motto is "don't go
near the water" until this
copy is dispatched.

A lovely sea breeze
prompts me to wonder what
ever happened to paid vaca-
tions, or better yet — what's
the pay scale for a foreign
correspondent? Shouldn't it
be too difficult to persuade
local taxpayers to declare
this a free and independent
island once I point out
they'll be eligible for a slice
of foreign aid and an equal
vote in the United Nations!

When Eleanor and Les
Barkley and their three sons
leave Sierra Madre next
month they'll be missed by
hosts of friends from our en-
tire area. For the Barkleys
are the kind of people who,
even in a few short years,
sink deep roots in a com-
munity. They'll move to
Seattle where Les has been
promoted District Manager
of the Petroleum Chemical
Division of DuPont — and it
couldn't happen to a nicer
guy! "Congratulations, and
we'll miss you," were senti-
ments echoed many times
over at the farewell party
honoring the Barkleys last
Sunday at the Mayfair Dr.
home of Mr. and Mrs. C. R.
Miller.

Ranch friends of Jacob
and Laurene Stong will be
interested to know they
have returned from Boston
and will once again make
their home in Hastings
Ranch — this time at 1115
Daverie.

News of another promo-
tion and subsequent move.
Betsy and Philip Miller, on
Rexford Dr., will soon move
to their new home at 10109
Tigrina in East Whittier.
Philip, (I should say Mr.
Miller in deference to his
new title), is now vice presi-
dent and manager of Whit-
tier Branch American Sav-
ings and Loan.

More news about Millers
... this time it's Phyllis
and Merle Miller Jr., on
Davey Dr., who on July 3rd
boarded Santa Fe's El Capitan
for a three weeks visit
with relatives in the mid-
west. After visiting Merle's
home in Goshen, Indiana
and Phyllis' home in Bryan,
Ohio; they stayed at the
beach house where Phyllis

grew up, at Clear Lake, In-
diana. And this was the
scene for a happy reunion
with her brother and his
family from Louisiana.

Trinity's couples clubs
had a busy weekend. On Fri-
day evening the Schooners
sponsored a bus-to-bowl
musical evening, in which
102 Trinity members took
part. Saturday night the
Clipper Club gave another of
their popular progressive
dinners. Pat and Hugh Liv-
ingston opened their home
for appetizers. The aroma of
sizzling steaks filled the air
at Peggy and Joe Smyths,
and dessert was served at
Barbara and Lee Campbells.
Assisting the hosts to make
an outstanding evening
were Helen and Bill Davis,
Jane and Bob Jones, Dot and
Al Korngiebel, and Frieda
and Jim May.

The final results are in on
the Don Benito Bridge tour-
nament and it was won by
Pat and Hugh Livingston of
Cartwright St. The winners
in the first group were
Shirley and Art Evans, the
Livingstons in the second
group and Mattie and Roy
Primack in tournament
number three. A bridge
party for all the groups was
held at Barbara and George
Faschings and co-hosted by
Eleanor and Gordon.
Couples attending were the
Ted Donalds, Art Evans,
Steve Kayes, Al Korngiebels,
Jack Mayhews, Earl Luffs,
Ro Kemps, Duane Strongs,
Bill Thompsons, Jan Blacks,
Bob Jugans, and the Ron
Toms. Ethel Mayhew will be
running the tournament this
year and would appreciate
interested in playing bridge
this fall in the Don Benito
tournament... EL 5-2901.

Hospital volunteers are
the unsung heroes of any
community, in my opinion,
and I'm proud to report we
have an abundance of such
kind, selfless ladies in our
area. St. Luke Hospital vol-
unteers receiving official
recognition last month in-
cluded Joanne Allen 200
hours, Verda Frantz 500,
Iris Gann 200, Dorothy Horn
500, Marcia Patterson 1000,
Virginia Higgins 300, Peg
Newport 500, Gloria Warren
500, Cordie Winterbottom
795. They stop counting after
1000 hours of service, but
names of veteran volunteers
Bea Tampico and Jan
Schwartz who passed that
point long ago, appear on a
plaque which hangs in the
hospital corridor. Janice Ber-
ringer, Ida Ferguson, Ellen
Holst and Lucille Neff are
also active volunteers. We
can be proud too, of four
girls enrolled as Junior Vol-
unteers — Marybeth Haupt,
Susan Rice, Sharon Vance
and Susan Walton.

Star-News Article Has Errors of Fact In Story

By DANIEL S. WOOD
President of the San Gabriel Water District

The news article that appeared in the Pasadena Star-News edition of Wednesday, July 18, 1962, under the headline "Maverick Cities Stand on Water Crisis Told," contains several errors of fact and implication which require correction, so that the public may be correctly informed on the water supply problems in the San Gabriel Valley.

First Fact
The first fact at differing with the news article of July 18, is that the San Gabriel Valley Municipal Water District (SGVMWD), composed of the so-called "Maverick Cities" of Alhambra, Azusa, Monterey Park and Sierra Madre, is very definitely interested in a joint venture with the Upper San Gabriel Valley Municipal Water Dis-

trict (Upper SGVMWD) to bring supplemental water to the valley from the Feather River project.

This is a matter of public record in the minutes of the meeting of the Upper SGVMWD, held June 12, 1962, in El Monte. It was a joint meeting of the directors of both water districts.

At the meeting, the SGVMWD proposed to the Upper SGVMWD that the two water districts form a joint venture to bring Feather River water to the San Gabriel Valley, to spread the water into the underground water basin, and to work out a practical and equitable system to manage the operation of the underground water basin.

A reporter, representing the Pasadena Star-News, was present at the joint meeting of June 12, and an accurate account of the meeting appeared in that newspaper on June 13, 1962 under the headline "Joint Program in Water Urged."

The directors of the SGVMWD continue to hope that the Upper SGVMWD will accept this proposal for joint action.

Second Fact
The second fact is that the joint meeting of the two water districts was held at the request of the SGVMWD. The only previous joint meeting of the two districts, held in January, 1962, was also convened at the request of the SGVMWD.

These requests of the SGVMWD for meetings to discuss joint action are also matters of public record in the correspondence files and official minutes of the two Water Districts. Thus it is the SGVMWD that has "sounded out" the Upper SGVMWD on the possibility of joint action, rather than vice versa, as was implied in the news article of

Turn to Page 12

POLITICAL PARADE

By Clem Whitaker Jr.

Leaders of the California legal profession apparently caught lightning in a bottle with Superior Court Judge Tom Coakley.

Led by the late Justice Douglas Edmonds, former State Supreme Court Justice, leading attorneys throughout the State prevailed on Coakley to seek the Republican nomination for Attorney General to launch a crusade for sound law enforcement. Despite a late start, Coakley swamped his two GOP opponents for the nomination.

Coakley Challenges Mosk
Now, with equal vigor Coakley has set his sights on the task of unseating the incumbent, Stanley Mosk, in the fall. That, of course, is the goal of leading lawyers throughout the State who originally convinced Coakley he should run.

In his first major address since the Primary Election, Coakley last week called on Mosk to "repudiate the divisive campaign of the American Civil Liberties Union, an organization which he has long actively supported, to harass school teachers and school officials in the wake of the Supreme Court decision banning prayer in public schools."

Judge Coakley noted that the Court ruling has been widely deplored by citizens of all faiths, by leaders of both political parties and by prominent churchmen throughout the nation.

"This far-reaching decision is now the law of the land," Judge Coakley declared, "and must be obeyed."

"Yet in the midst of the widespread dismay over the decision's implications, and before any definitive understanding of its effects has been reached, the American Civil Liberties Union, which took an active part in bringing the issue before the Court, has immediately embarked on a nationwide effort to drive all vestiges of recognition of traditional devotion to religious faith from our school."

Mosk and ACLU
In California, the ACLU has announced a campaign against Christmas and Chanukah observances in the schools, against the phrase "under God" in the pledge of allegiance to the flag, and against a simple, non-sectarian poem thanking God "for the food we eat and for family and friends we meet" sung by kindergartners and first graders in San Francisco schools.

"In view of this shocking, irresponsible campaign, I call on Attorney General Stanley Mosk to make his position clear. Mr. Mosk is a part of the extremist group that has captured control of the Democratic party high command in California. He has been an active supporter of the Civil Liberties Union and in his position as Democratic National Committeeman was the principal speaker at the ACLU's 25th anniversary celebration held in Marin County."

"The people of California have a right to know if Mr. Mosk, as the chief legal officer of the State, intends to place the State of California officially behind the divisive and trigger-happy campaign of the Civil Liberties Union."

July 22, 1943
A meeting of the Sierra Madre Victory Garden Committee will be held this evening at the home of F. D. R. Mosk, chairman, to complete arrangements for the Victory Garden Community Fair to be held August 6.

Motorists must endorse all coupons in their new A books before using them today (sic) or thereafter or they will lose part or all of their basic gasoline allowance.

In allotting the proceeds of the recent community fund campaign here among the city's youth organizations this week, officers of the Kiwanis Club were encouraged to find that Sierra Madrans have come to more fully appreciate the need of diversion for the boys and girls in this city off the beaten track. Each year since the first community fund was raised in 1938 a larger sum has been realized and the number of contributors has jumped.

Sierra Madrans have enjoyed summer resort weather during the week probably unmatched anywhere in the world, with cool mornings, bright, sunny afternoons and marvelous nights.

July 28, 1949
A special committee has been formed by the Nursery School Association to prepare drawings and investigate construction costs for

OUT OF THE COBWEBS

July 31, 1925

Proving the new Masonic Temple to be a most delightful place for social affairs, the family dinner party given by the Masonic Lodge was voted a success from every standpoint.

The extension of Central Avenue to the west is one step nearer than ever before, according to J. N. Hawks, chairman of the road committee of the chamber of commerce, since the passing of the bill by the state legislature which allows cities and counties to join in an assessment district for the improving of roads. This will permit Los Angeles County, the city of Pasadena and the City of Sierra Madre to join in an assessment district for the purpose of extending the road across the Hastings Ranch, instead of making the assessment district in the county alone.

Tickets for the concerts at the Hollywood Bowl may be purchased at the office of the Sierra Madre Chamber of Commerce at the price of 40 cents per admission.

Plans are being developed for the Los Angeles County Fair, which will be held in Pomona, September 22-26 inclusive. Indications are that the fourth annual fair will be one of the greatest fairs ever held in this state.

Improvements to the fair plant are rapidly being completed. These include a 126 foot addition to the grandstand which will give a seating capacity of 6000; new box stalls to accommodate 185 head of fine show horses, several new stock barns housing from 100 to 200 head of stock each, new rest harbors and a new judging ring 60 by 136 feet in size.

July 23, 1953
Judge John C. Mead was elected president of the Sierra Madre Swimming Pool Association following the resignation of R. C. Lewis at a joint meeting Tuesday night with the Recreation Commission.

Assessed valuation in Sierra Madre has increased from \$7,785,840 of last year to \$8,212,800, according to a preliminary report by the county assessor's office, City Administrator R. Merritt Baker reports. The final valuation will be available early next month.

Let us take "Sales Tax" for instance. During the second quarter of 1961, Sierra Madre showed that we had 168 retail outlets which had a taxable business for that quarter of \$1,217,000. This brought into the City Treasurer a total of approximately \$12,170.00 before collection fees taken out. A similar community in another county showed that they had only 135 firms and a population of but 5,000 and their taxable sales for the same period brought into their City Treasury \$24,080. Still another city in L. A. County with a population of 7,000 and retail taxable outlets numbering 141, brought a total to their City Treasury of \$22,880.

Here in Sierra Madre, we are similar to one great big department store, all under one roof, our merchants are firm in their belief that anything that can be purchased in the area can be purchased here, if not, it can be obtained for you in a matter of a short time. With this thought in mind should we not guard ourselves to spend every penny in our city, that the City Treasury will get a bigger reward on the payoff date, and thus helping to eliminate a portion of the personal property tax.

If renters think that they can beat this taxation, they are completely wrong. Any landlord that receives his tax bill for the year and finds an increase — — — up goes his rent — — — he has to do it to survive, so all of us are surely "short changing ourselves," when we do not patronize our own merchants.

There are over 10,000 people who live within the city each week of the year, each family would spend \$10.00 with each week of the year, each family would spend \$10.00 with local merchants, that formerly was being spent outside the city, this would amount to an additional business for the local merchants of \$1,560,000 and a tax return to the city of \$15,600.00 for the year.

Remember, if the City Council has to levy an additional .20 per \$100 valuation for flood control, this would bring in approximately \$33,000.00. By shopping with your local merchants the city could cut the levy almost in half — — — think it over — — — you and your merchants can work together to cut taxes.

Letters to the Editor

Dear Editor:

We are writing you on behalf of the Watchtower Society and the thousands of delegates who attended our recent "Courageous Ministers Assembly" held at the Pomona Fairgrounds. We want to take this opportunity to thank you and your staff for being so cooperative with our News Service Department. Many expressions of appreciation were heard from the delegates for your assistance in making the assembly a grand success.

—WATCHTOWER CONVENTION

Match-Maker!

Saw a marriage ceremony the other day and its sorta set me to thinking of all the happy marriages I know of; then somehow I got to thinking about folks who got mis-matched and spend a lot of time running here and there shedding mates so they can try it again. I love to see happiness so much that I'd give almost anything if I could match up Tommy Mansville with Elizabeth Taylor . . . see what I mean?

Editorially Speaking....

"The Time Has Come, The Walrus Said, To Talk of Many Things . . . of Shoes, and Ships and Sealing Wax . . . of Cabbages and Kings."

Lower Your Own Taxes!

Who is the greatest supporter of the financial welfare of your city? Is it You? Is it the Merchants of your City? Is it the Chamber of Commerce, or the Merchants Division of the Chamber of Commerce? If you have given any of the above answers you are absolutely correct. You as Mr. and Mrs. Taxpayer are the greatest contributor, however we wonder if you are not selling yourselves "short" when you ignore the combination that you and your merchant can play when it comes to the reduction of taxes.

Your Merchant, a member of the Chamber of Commerce and Merchants Division, tax-wise, most generally takes the blunt of the tax bill in two ways. He pays his share as a merchant on your main street, and again he receives a share as a property owner and resident of your city. He is the man who stands at the head of the list when it comes to supporting your favorite charity. He is the man who bends over backwards to help you in your favorite club, organization or civic improvement project. He is the man who spends hours and hours trying to improve his investment so that you will have a much better place in which to shop, finding the merchandise that you desire with the least amount of effort. He is the man you can return an unwanted, unused article too and receive credit, without any argument. He is the man who stands behind the product that he sells. If it does not stand up to the guarantee, he is the one that sees to it that the manufacturer makes it right with his customer. Now don't you think it is time that we gave him a fair shake, and at the same time help ourselves.

Remember, your City levies the amount of taxes that it finds necessary. Then take into consideration the amounts of various funds that they expect to receive during the year, such as gasoline tax, sales tax, licenses, and so forth, should these funds not supply the amount of money needed they then levy against the personal property in the City, the balance of what they need for the coming year. This is also true of your County and School system. The lower these outside funds are the more that is levied against your personal property.

Let us take "Sales Tax" for instance. During the second quarter of 1961, Sierra Madre showed that we had 168 retail outlets which had a taxable business for that quarter of \$1,217,000. This brought into the City Treasurer a total of approximately \$12,170.00 before collection fees taken out. A similar community in another county showed that they had only 135 firms and a population of but 5,000 and their taxable sales for the same period brought into their City Treasury \$24,080. Still another city in L. A. County with a population of 7,000 and retail taxable outlets numbering 141, brought a total to their City Treasury of \$22,880.

Here in Sierra Madre, we are similar to one great big department store, all under one roof, our merchants are firm in their belief that anything that can be purchased in the area can be purchased here, if not, it can be obtained for you in a matter of a short time. With this thought in mind should we not guard ourselves to spend every penny in our city, that the City Treasury will get a bigger reward on the payoff date, and thus helping to eliminate a portion of the personal property tax.

If renters think that they can beat this taxation, they are completely wrong. Any landlord that receives his tax bill for the year and finds an increase — — — up goes his rent — — — he has to do it to survive, so all of us are surely "short changing ourselves," when we do not patronize our own merchants.

There are over 10,000 people who live within the city each week of the year, each family would spend \$10.00 with each week of the year, each family would spend \$10.00 with local merchants, that formerly was being spent outside the city, this would amount to an additional business for the local merchants of \$1,560,000 and a tax return to the city of \$15,600.00 for the year.

Remember, if the City Council has to levy an additional .20 per \$100 valuation for flood control, this would bring in approximately \$33,000.00. By shopping with your local merchants the city could cut the levy almost in half — — — think it over — — — you and your merchants can work together to cut taxes.

Let us take "Sales Tax" for instance. During the second quarter of 1961, Sierra Madre showed that we had 168 retail outlets which had a taxable business for that quarter of \$1,217,000. This brought into the City Treasurer a total of approximately \$12,170.00 before collection fees taken out. Who Is Stupid?

Proposition No. 3, a \$270,000,000 bond issue for state college, university and other state construction purposes, was upended by a two to one margin at the June 5 primary election, but with minor modification, at the insistence of Governor "Spend-It-All" Brown, the measure will be before the electorate again in November as Proposition No. 1-A, a neat bit of chicanery in itself.

Governor Brown says the public, in effect, didn't know what it was doing when the deluge of "no" votes on Proposition No. 3 was cast. The fact of the matter, of course, is that the Governor is complaining that the title of Proposition No. 3 didn't make it clear that some of the money was for the university and state colleges. Overlooked is the fact that Proposition No. 3 was an Administration proposal and, as such, was titled by the Administration forces.

Who was stupid — the public or the Administration?

It could be, of course, that the public just didn't like to continue adding to the state's mushrooming debt — — — over 50 percent of which has been created by Governor Brown. San Francisco's Mayor George Christopher, the Republican nominee for Lt. Governor, probably has come close to understanding the public mood in his proposal that a legal ceiling be placed on the state's bonded indebtedness in order "to preserve the fiscal integrity of California" and "to stop claims of a balanced budget by those who are really passing along to our children the capital cost of current government operations."

Let us take "Sales Tax" for instance. During the second quarter of 1961, Sierra Madre showed that we had 168 retail outlets which had a taxable business for that quarter of \$1,217,000. This brought into the City Treasurer a total of approximately \$12,170.00 before collection fees taken out. Barnhart Sermon For Sun., July 29

"The Basic Ingredients for Success" will be discussed in Dr. Ethel Barnhart's sermon at 10:30 Sunday morning, July 29, at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia. Involved in the Universal Law of Fulfillment is advancement and progression for every individual. How to relate oneself to this law will be the theme of the sermon. The music is under the direction of Mina Terril and Lillias Gilbert will sing "Talk To God Last Night," by Guion. Child care is available during the service.

Junior Church convenes at 10:30 and offers graded classes for children from pre-school through ninth grade. Youth activity is held at 7:30 Sunday evenings for High School and first year college young people.

A healing meeting Wednesday mornings at 10:30 in the church sanctuary is conducted by Rev. Rosalie Fowler. Prayers for special requests are given loving attention. The public is invited to share in this healing hour.

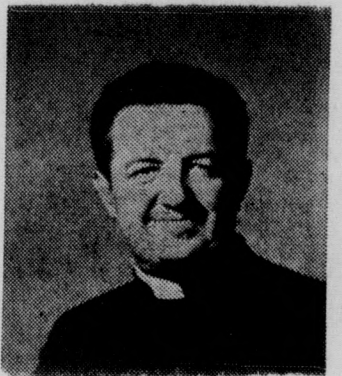

For spiritual help day or night, dial HI 7-6162.

Look back now and then—some mighty useful lessons can be learned from past errors.

Summer Services At Jewish Center

The Foothill Jewish Community Center, 212 N. Lima St., Sierra Madre, announces that Sabbath Eve Services will be continued during the summer months. These will be abbreviated services and regular Sabbath Eve services will be resumed on September 8.

A special committee, appointed by the acting president for the purpose, has

GUEST PASTOR at Shepherd of the Hills Lutheran Church, Sierra Madre, at 10:10 a.m. Sunday, July 29, is the Rev. Thomas Allport of the Lutheran Church of Pearl Harbor, Hawaii, where the Rev. Ray E. Hansen and his family are vacationing. Pastor Allport and his family are staying at the Hansen home in Hastings Ranch.

Last Services By Blinco

This week concludes the special services at Bethany Church of Sierra Madre at which Rev. Joe Blinco of the Billy Graham Evangelistic team has been speaking. The services have been well attended and tomorrow night Friday, July 27th, hundreds of people will be attending the closing service at Pasadena High School Auditorium at 7:30 p.m. Special music has been supplied by the Chancel and Chapel Choirs of Bethany Church uniting together to form a Crusade Choir and the Friday night service will hear a choir of over a hundred voices as other churches in the Pasadena and San Gabriel Valley area lend their voices to form a great choir for the closing rally in this week of meetings.

Soloist for the Friday night service will be Mr. Charles Higgins of Pasadena First Nazarene Church. Congregational singing for the series of meetings will be led by Mr. Bob Dingman of Bethany. Dr. Robert N. Schaper, pastor of Bethany Church stresses the fact that Friday night will be the last opportunity for you to hear Mr. Blinco who will be leaving with Billy Graham for a preparatory visit to South America to lay the ground work for their coming great crusade sweep through that continent later this year.

Progress depends on spiritually meaningful activity. This is a theme of the Lesson-Sermon entitled "Truth" at Christian Science church services Sunday.

Scriptural passages will include these verses from Proverbs (4): "Let thine eyes look right on, and let thine eyelids look straight before thee. Ponder the path of thy feet, and let all thy ways be established."

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 323): "In order to apprehend more, we must put into practice what we already know. We must recollect that Truth is demonstrable when understood, and that good is not understood until demonstrated."

The Golden Text is from II Timothy (2): "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

HUMAN NATURE
Reform is a one-way street—everyone wants to apply it to others, but accept none of it.

SERVE YOUTH—Milton L. Goldberg (590 Ramona Ave., Sierra Madre), has been appointed for a fourth term to the Governor's Advisory Committee on Children and Youth. Goldberg is executive director of the Jewish Big Brothers Association, an agency of the Jewish Federation-Council of Greater Los Angeles at 590 N. Vermont Avenue.

Temple David Services July 27

Sabbath Eve Services will be conducted at Temple Beth David of the San Gabriel Valley on Friday evening, July 27, at 8 o'clock.

Mrs. Charles Lich of 710 Encino Drive, Arcadia, will be at the organ.

Immediately following the service there will be an Oneg Shabbat with Mr. and Mrs. Herman Abrams of 9843 E. Olive, Temple City, in honor of the birthday of their son Michael, acting as hosts.

The Temple is affiliated with the Union of American Hebrew Congregations and is located at 9677 E. Longden Avenue at Kauffman, in Temple City.

Seven Girls Attend Camp

Seven girls from Bethany Church of Sierra Madre attended last week the Pioneer Girls Camp at Sky Meadows in the San Bernardino Mountains. They include, Marilyn and Evelyn Shopeck, Lynell Everhart, Joy and Mary Anne Roess, Janet Bell and Vicki Ankeny. They returned on Sunday.

Dr. Robert N. Schaper and family will be leaving on a month's vacation trip to the East Coast the last of the month. They will return to Sierra Madre for the Labor Day weekend.

The pulpit will be supplied during the month of August by the staff ministers of the Church and Rev. Max James of Japan Christian College now studying at Claremont, and Rev. Harvey Stranske of the Sudan Interior Mission, now home on furlough.

BRIDGE
Duplicate Bridge for Master Points will be at St. Rita's Hall, Wednesday, August 1st at 10 a.m.

RESEARCH
This is the time of year when people try to bulge their budget to make room for a vacation.

Faith Lutheran Church Services

"The Mountain of Dedication" will be the Sunday sermon subject in the 8 and 10:30 worship services at Faith Lutheran Church, 835 Hastings Ranch Drive. The sixth in his summer series "We Go to the Mountains," the Rev. Armin Hesse states that this message will concern Mt. Lebanon from which King Solomon obtained the cedar and fir needed for the construction of the temple in Jerusalem. The Sunday School at 9:15 will consider the Scriptural account of "The Savior Promised to Abram." Bible classes for the Junior High, Senior High, college and adult age levels will meet during this hour.

The Sunday school officers will meet on Tuesday evening at 7:30, to arrange classes and make plans for the fall rally.

The Children's Vacation Bible School will be held from August 27 to September 7. Eligible to enroll and attend will be children from the kindergarten age through eighth grade.

Under the direction of Edgar Plischke, the choir resumes rehearsals each week on Thursday evening at 8.

**Crib Crop**

Lydia and Bill Bodor announce their newest song hit by the birth of Melody Priscilla on July 16, at St. Luke's Hospital, Pasadena, California. She plays the scales at 7 pounds 15 ounces and kicks in booty-woogy rhythm.

Music by her mother and lyrics by her father, a local tennis instructor, are based on a theme from Stork's Third Symphony (Bruce Timothy, 3 yrs. old and Rebecca Fife, 22 months old, being the first and second).

This major key event was applauded by maternal grandmother, Mrs. Lena Panattoni of Pasadena, and paternal grandparents, Mr. and Mrs. A. H. Bodor of San Diego.

Recordings with vocals may be heard daily at 533 West Montecito Avenue, Sierra Madre, California.

Frank Green Loses In Tennis

Frank Green was defeated in a close quarter-final match against Stan Smith with a score of 6-3, 5-7, 6-2.

This will give a semi-final match with Larry Morse, who was last year's champion of the tournament.

Green reports that Smith beat Morse in the last three matches the two played and that Smith is favored to emerge as victor from the coming match.

He also reports that a consolation tournament commenced this week "for first round losers."

A jail sentence is sometimes the belated substitute for spanking.

LEGAL NOTICE

NOTICE INVITING BIDS FOR CONSTRUCTION OF SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 78

Pursuant to statute and Resolution No. 1910 adopted July 10, 1962, by the City Council of the City of Sierra Madre, California, and an act of the Legislature of the State of California designated as the "Improvement Act of 1911," as set forth in Division 7 of the Streets and Highways Code, sealed proposals will be received at the office of the City Clerk of said City, 55 West Sierra Madre Boulevard, Sierra Madre, California, until 10:00 o'clock a.m. on August 9, 1962, for furnishing all plant, labor, materials, and equipment for construction of sanitary sewers in Assessment District No. 78. Sewer pipe shall be EITHER vitrified clay pipe OR asbestos-cement sewer pipe at the Contractor's option. A combination of the two pipe materials will not be permitted. The work includes 785 linear feet of 8-inch sanitary sewer line, 383 linear feet of 4-

LEGAL NOTICE

inch house laterals, and 19 vertical feet of standard manholes. All quantities are approximate. Said work is more particularly described in Resolution of Intention No. 1903, adopted June 12, 1962, by the City Council of said City. The entire work is contained in a single bidding schedule. All work must be completed within 30 calendar days after date of execution of the contract. The proposals will be publicly opened and read in the Council Chambers of said City on the date and at the time above mentioned. The bids will be presented to the City Council at 9:00 p.m. on August 14, 1962. Plans and specifications and all contract documents may be obtained at the City Clerk's office of said City, or at the office of James M. Montgomery, Consulting Engineers, Inc., 535 East Walnut Street, Pasadena, California, upon payment of a deposit of ten dollars (\$10.00) for each set of specifications and accompanying drawing. Said deposit will be refunded upon return of the specifications and drawing in good condition within 30 days after the pro-

LEGAL NOTICE

posals are opened. The specifications are entitled "SPECIFICATIONS FOR CONSTRUCTION OF SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 78." A reduced print of the original contract drawing is bound in the specifications. The scale of the reduced drawing is about one-half the original scale. If a full-scale drawing is desired for estimating purposes, it may be obtained at reproduction cost from James M. Montgomery, Consulting Engineers, Inc. Each proposal must be accompanied by a certified check in the amount of ten percent of the aggregate amount of the proposal, or by a bid bond for that amount signed by the bidder and two sureties, or by a corporate surety bond as a guarantee that the bidder, if an award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form not sooner than ten (10) calendar days following the date of publication of the Notice of Award, nor longer than twenty-five (25) calendar days following

LEGAL NOTICE

said date of publication, will secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of the last-mentioned bonds shall be in the sum of not less than fifty percent of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the price stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection. Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rates of per diem wages and not less than the general prevailing rates of overtime work for legal holidays and overtime work, for each craft or type of workman needed to execute the work contemplated under the contract, as ascertained by and set forth in the schedule of such wage rates specifically furnished forth and adopted by the City of Sierra Madre, California, shall be paid to all workmen employed on said work by the Contractor or by any subcontractor doing or contracting to do any part of said work, which schedule of wage rates is as follows:

CLASSIFICATION	RATE PER HOUR
CARPENTERS	
Carpenter	\$4.00
Millwright	4.20
Saw	4.08
Table Power Saw	4.10
Operator	4.10
CEMENT MASONS	
Cement Mason	4.04
IRON WORKERS	
Journeyman Reinforcing Iron Worker	4.25
LABORERS	
Laborer-General or Construction	3.26
Operator of Pneumatic and Electric Tools, Vibrating Machines, and similar mechanical tools not separately classified herein	3.47
Concrete Saw Man, excluding Tractor Type	3.47
Asphalt Baker and Ironer	3.47
Bugymobile Man (on 1 d. or larger mixer and handling bulk cement)	3.47
Concrete Finisher-Imperious Membrane and Form Oiler	3.45
Cabber or Shorer	3.62
Flagman	3.26
Laying of all non-metallic Pipe, Drain Pipe and Underdrain Pipe	3.57
Making and Caulking of all non-metallic Pipe Joints	3.45
Tarman and Mortarman	3.31
Watchman	2.60
OPERATING ENGINEERS	
A-Frame or Winch Truck Operator	4.01
Engineer-Oiler and Signalman	3.53
Air Compressor, Pump or Generator Operator	3.53
Concrete Mixer Operator-Skip Type	3.77
Equipment Greaser	3.77
Fireman	3.77
Heavy Duty Repairman's Helper	3.53
Motor Patrol Operator (Any Type or Size)	4.41
Roller Operator	4.12
Skip Loader-Wheeltypes-Ford, Ferguson, Jeep or Similar Type 3/4 yard or less (Without Drag-type Attachments)	3.77
Tractor Operator-Dragtype Shovel, Bulldozer, Tamper, Scraper and Push Tractor	4.31
Tractor Operator with boom attachments	4.41
Trenching Machine Operator (Up to 7 Foot Depth Capacity, Manufacturer's Rating)	4.12
Operator (Over 7 Foot Depth Capacity, Manufacturer's Rating)	4.41
Universal Equipment Operator (Shovel, Back Hoe, Dragline, Derrick, Derrick Barge, Clamshell, Crane, Pile Driver and Mucking Machine)	4.41
TEAMSTERS	
Driver of Dump Truck of: Less than 4 yds. water level	3.575
4 yds. but less than 8 yds. water level	3.605
8 yds. but less than 12 yds. water level	3.655
Driver of Truck Legal Payload Capacity: Less than 6 tons	3.575
6 tons to 10 tons	3.605
10 tons to 15 tons	3.655
Driver of Dumpster Truck	3.955
Driver of Transit-Mix Truck-under 3 yds.	3.815
Driver of Transit-Mix Truck-3 yds. or more	3.955
Dumpster Truck, less than 6 1/2 yds. water level	3.815
Dumpster Truck, 6 1/2 yds. water level and over	3.955
Water Truck Driver-under 2500 gals.	3.635
Water Truck Driver-2500 gals. to 4000 gals.	3.755
Truck Greaser and Tiresman	3.905
Truck Repairman	4.415
Truck Repairman Helper	3.885

All others shall be paid at the prevailing wage rates paid in the County of Los Angeles. Overtime applicable to each classification shall be paid at the prevailing overtime rate in the County of Los Angeles. It shall be mandatory upon the Contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the specified rate to all laborers, workmen and mechanics employed by them in the execution of the contract. The City reserves the right to reject any or all bids, to waive any informality in a bid, and to make awards as the interests of the City may require. This notice is given by the order of the City Council, City of Sierra Madre, California.

Brentwood S & L

Net Up Over 165%

Brentwood Savings and Loan Associations' first-half 1962 net earnings soared 167 per cent above the corresponding 1961 period—\$641,752 as compared with \$240,548 in the first six months of last year, Jack J. Spitzer, president of the Association, with facilities in Brentwood and Monrovia, announced today.

Loans at the end of June, 1962, totaled \$47,273,550 — 53 per cent above loans of \$30,832,455 reported 12 months earlier. In the first six months of 1962, \$13,345,612 in new loans were booked, as compared with \$7,010,991 in new loans during the first half of 1961 — a gain of 90 per cent.

Savings accounts on June 30, 1962, were up 36 per cent in a 12-month period — \$41,746,614 as against \$30,662,160 a year earlier.

Spitzer also reported a record 47 per cent increase in total assets to \$52,924,033 on June 30, 1962, over the \$36,014,299 combined assets of Brentwood Savings' two predecessor companies on June 30, 1961.

"Brentwood Savings' outstanding record of earnings and growth demonstrates the effectiveness of our policy of providing the best possible service to our customers as well as insured savings at the highest prevailing interest rate," Spitzer said. "Such substantial public confidence challenges us to extend our friendly personalized services."

Monrovia home office of Brentwood Savings is located at 237 South Myrtle Ave., Monrovia. Executive offices are at 12001 San Vicente Blvd., West Los Angeles.

San Diego County Land To Be Sold

The Riverside Land Office, 1414 8th St., Riverside, Calif., will offer at public auction on July 24, over 2,600 acres of public land. The land is divided into 28 parcels ranging in size from 10 to 760 acres, and in appraised value from \$800 to \$26,600 per parcel. It is all located in the mountainous area about 20 miles east of San Diego. Further information on the sale may be had from the Riverside Land Office, 1414 8th St., Box 723, Riverside, Calif.

Mu Sigma Meets In La Crescenta

Mu Sigma mixed a little business with pleasure on Sunday afternoon when they were invited to the La Crescenta home of their president and her husband Marge and Roy Meyers. The event was a fund raising project. Committee chairman Fran Blumer from Hastings Ranch and co-chairman Marie Gruettner from Chapman Woods, issued clever invitations and had planned swimming, ping pong and dancing. The husbands of the three committee members were attendants for the no-host social hour.

The door prize was won by Betty Shoenberg. Home-made lasagne, salad and Italian bread was served buffet style from the patio. The girls looked lovely in their summer cottons and a few ventured out in the latest craze, beach shifts. The fellows were handsome in summer slacks and sport shirts.

SUCKER-HABIT

Jaywalking is a dangerous practice, only a few live long enough to qualify for old-age pensions.

Be honest in all your endeavors and your problems will take care of themselves.

More About Shippy

of trees, when Sierra Madre was part of Rancho Santa Anita. Other ranchers chopped down but Lucky ordered his employees to leave them around them and save them. There wouldn't have been any Oaks subdivided otherwise.

But I wonder. There were two grand old trees shading the P.E. station. There was also a big one directly in front of The News. Came a storm in which the latter tree went down and the roots plans to grub out the tree to create an additional parking place. Many of us felt that the city's trees were more distinguishing than anything else in it and I wrote, in The News, that one parking place more or less could not greatly matter but a fine tree in a small city business center was as distinguishing as a high hat. Miss Tommasila Graham, to whom the end of Sierra Madreans owe part of the beauty of their gardens, agreed to set out a tree herself and install a drinking fountain beside it, so the spilled water would irrigate it. I think that tree should stand a long time as a memorial to "Miss Tommy," who spent so much of her life in creating and dis-bursing beauty in Sierra Madre.

Stars For Books Read

Reading At An Early Age Offered By Library

Opportunity for an introduction to reading at an early age is available at the Sierra Madre Library where children can take advantage of its children's section and summer reading program of that section.

For this summer, the library will try to captivate the younger sets' interest with a theme centered around "Space and Rockets."

Credit Given
A desire to read, says Gloria Hinshaw, is stimulated by giving children credit for the books they read. Part of the credit is given with a chart on which she pastes rockets telling of the best book the child thinks he has read each week, with each rocket coming closer to the first destination of the moon and second destination of the earth in the return trip. More credit is given with a prepared booklet, telling of the books read, which is given to the child's teacher in September.

With the younger children, one chart is prepared containing a list of names where stars are to be pasted for each book read.

Books Discussed
In addition to this, Mrs. Hinshaw takes the time to discuss each book with all of the older ones after they finish them.

In this summer's program, as in the previous summer's programs, some of the things encouraged are reading a greater variety of books, learning to become selective in reading, and choosing higher quality reading matter.

Own Choice
Other than stressing quality in reading, Mrs. Hinshaw leaves individual choice of reading up to the child and his tastes or needs. No reading lists are issued, no "special recommendations" of a particular book is made, nor is anything done to limit a youngster's choice. He may receive credit for reading any good book of his choice, even if it isn't in line with the summer reading theme.

This not only helps the child to decide which book would be best to suit himself, but also helps the librarian in selecting books for the children's section, states Mrs. Hinshaw.

Teacher's Help
Besides the summer reading program, Mrs. Hinshaw reports an interest in reading is stimulated in young people with the help of others.

One of the ways they help is taking their classes on monthly visits to the library. At the first of these visits, the librarian gives in-

Job Placements Up 24 Percent

The number of persons placed in jobs in the Pasadena area of the California State Employment Service during the fiscal year that ended June 30 is up 24 percent, according to E. W. Wright, manager of the Pasadena Office of the Department of Employment.

The 5,716 placements for the past fiscal year compare with 4,592 for the 1960-61 fiscal year in the area managed by Wright which includes Pasadena, Altadena, Sierra Madre, South Pasadena and San Marino.

CHECKUP?

SUMMER'S AN IDEAL TIME!

This summer is ideal for a family medical checkup by your doctor. Especially right before you go on vacation, or after you return.

Your youngsters may require a back-to-school checkup after summer fun is over. If a prescription is needed, have it filled by our Rexall Pharmacist.

At our **Rexall Pharmacy**

Three Tennis Classes To Be Held Aug. 6

The next session of tennis instructions offered by the Sierra Madre and Recreation Department will begin August 6 announces Thomas Butch, head of that department.

Three classes will be held — one from 8:30 to 10:30 a.m. and one from 5 to 5:30 p.m. for summer school students followed by another from 5:30 to 6 p.m. for adults.

The lessons will be held Monday and Wednesday at the Memorial Park.

Sign ups will be at the swimming pool at any time it is open.

Fee will be \$5 for ten lessons.

Revenue of Swimming Pool Up

Figures for this year's pool attendance and revenue were announced Friday by Thomas Butch.

These figures, as well as last year's figures, are taken for the first 41 days the pool was open.

A drop is shown in attendance in comparison to last year with a total attendance of 17,500 for 1961 and 16,500 for 1962.

The drop is attributed to the cold weather Sierra Madre had, says Mr. Butch.

Despite the attendance decrease, the revenue has increased from \$9,536 of last year to \$10,455 of this year.

This, Mr. Butch stated, is attributed to he increase in sales of family passes, more signing up for swimming instructions, and more concession sales.

Star-News Article In Error

Continued from page 9

July 18.

Third Fact

The third fact contrary to a quotation in the news article of July 18 is that the SGVMWD (the so-called "Maverick cities") has explored the possibility of obtaining supplemental water from the Metropolitan Water District.

The Metropolitan Water District (MET) has officially informed the SGVMWD that annexation charges would be computed on the historical basis of the MET taxes the area would have paid if it had been within MET from the beginning in 1928.

In addition the annexation charge would include 4 per cent annual interest on these back taxes. On the basis of this official information the engineering firm of Leeds, Hill and Jewett has compared the total costs for the SGVMWD to obtain water through MET with the total cost to obtain water directly from the Feather River project. The engineers conclude in their report that supplemental water obtained directly from the Feather River project will cost less than supplemental water obtained through MET.

A different engineering firm, Stetson, Strauss and Dresselhaus, has made a similar investigation for the Upper SGVMWD. The "Stetson" report concludes that the Upper SGVMWD can also obtain supplemental water more cheaply by taking it directly from the Feather River project rather than by joining MET.

The reports of both engineering firms also conclude that the cost of Feather River water can be further reduced by joint action of the two water districts in bringing the water from the

Feather River aqueduct to the San Gabriel Valley.

Costs

The so-called "Maverick Cities" of Alhambra, Azusa, Monterey Park, and Sierra Madre are distinguished by the fact that they all have city-owned and operated water systems.

For this reason, these cities and the SGVMWD, which represents them, are especially conscious of the fact that property taxes, as well as direct costs for water actually delivered will be required to pay for the total cost of obtaining supplemental water.

This applies whether the water is obtained through MET or directly from the Feather River project.

On the other hand, a great majority of the area represented by the Upper SGVMWD is served by private water companies, (the City of Arcadia is the only significant exception).

The private water companies are primarily concerned with the direct charges made for water actually delivered, rather than the total cost of the supplemental water including property taxes.

Halfway measures are wasted effort — a homerun never counts until you touch the plate.

Thus a majority of the local water agencies represented by the Upper SGVMWD have a different basis for comparing the costs of supplemental water from different sources than the local water agencies represented by the SGVMWD. The SGVMWD and the "Maverick Cities" that it represents believe that the choice of a source for supplemental water should be based upon the total cost of the water, including property taxes connected with the water as well as the direct payments for water actually delivered.

Fishing Good At Lake

Perfect weather prevails at Crowley Lake this week but there was rain at the Eastern High Sierra "home of the tacklebusters" most of Sunday, according to the Los Angeles City Recreation and Park Department.

Discussing angling at the huge man-made reservoir, Bahm said that fishing was fair last weekend, algae and weeds are not presenting any problems, and the lake's water level is rising about an inch a day.

The biggest fish checked in last weekend was boated by H. K. McGee, 1559 West 12th St., Los Angeles, who caught a 6-pound 13-ounce Brown while trolling with a wobbling lure in McGee Bay.

However, U. C. Penner, Van Nuys, still leads the 1962 "big fish parade" with the 12-pound 4-ounce Brown he reeled in on June 16 while casting red salmon eggs from the North Channel's shore.

Halfway measures are wasted effort — a homerun never counts until you touch the plate.

One Cent Gas Tax Proposed

Full exploration of a proposed levy of an additional one-cent gasoline tax statewide—with one-half earmarked for financing of mass media transportation systems—will be necessary before Los Angeles County and other urban areas of the state can begin to solve their Transportation problem, Supervisor Frank G. Bonelli declared this week.

Services Held For Elsie Henderson

Memorial services were held last Friday at the First Unitarian Church, Los Angeles, for Elsie M. Henderson, loving mother of Betsy Laties, sister of Helen Chambers.

A former resident of White Plains, New York and 72 years of age, she resided at 1917 Kelton Avenue. She had been a social worker for the county of Los Angeles for the past 25 years.

Utter-McKinley Wilshire Mortuary handled the details.

Try your best to get even with people — but only those who have helped you.

El Monte Receives Contract

A contract amounting to \$1,585,000 has been awarded to the Astro-Science Corporation by Lockheed according to Blaine Scheideman, vice president of the El Monte firm.

The new contract is for production of an undisclosed quantity of mobile diesel electric ground power units for use with the Lockheed

P3V anti-submarine warfare aircraft. The Astro power units will be used both at land bases and on aircraft carriers.

This award brings the Astro-Science backlog to 8½ million dollars, Scheideman stated. This contract will be produced in the firm's large Chico Blvd. plant in South El Monte.

FEDDERS

FULL HOUSE

AIR

CONDITIONING

ALL HERMETIC ASSEMBLY WORK
PERFORMED IN THE FACTORY . . .
INSTEAD OF AT THE SITE

Because Fedders' Flex-Hermetic is the world's only remote air conditioner that's completely factory-assembled and tested, we can save you hundreds of dollars. All the costly and critical hermetic assembly work we would ordinarily have to do under make-shift on-the-site conditions is done under careful factory controls before it reaches us. The secret is the exclusive flexible hermetic tubing connecting indoor and outdoor sections.
